French

About Me

Experienced web developer with over 6 years of hands-on experience, primarily using Laravel. Comfortable working with modern development tools like Docker and a range of frontend frameworks. Passionate about building efficient, scalable, and maintainable applications. Strong problem-solving skills and a love for learning new technologies. Basic English speaker — able to understand conversations but still improving speaking fluency.

WORK EXPERIENCE

APR 2018 – Present

Kapanlagi Youniverse

Web Developer

- Developed and maintained web applications using Laravel.
- Collaborated with cross-functional teams including frontend, backend, and DevOps.
- Used Docker to create consistent development environments.
- Contributed to system architecture and code quality improvements.
- Integrated various frontend frameworks depending on project needs (Vue, React, Svelte).
- Supported legacy systems using jQuery and JavaScript.
